RE: ML's 38733, 38735

Gentlemen:

Your proposed mining operations have been submitted to the State Environmental Coordinating Committee for review. That process may take up to 45 days for final comments.

You are hereby requested to post a surety bond in the amount of \$5,000 to cover your operations on the two leases numbered above. Such bond must be posted prior to commencement of operations.

Also, with respect to ML 38733, please be advised that you must file with the Utah Division of Water Rights an application for stream alteration and an application for water appropriation. You may direct these applications to Mr. Don Norseth.

Sincerely yours,
